## **Ashly Carter Joins Morehouse Instrument Company**

*We are expanding our team to lead us into the future of metrology and beyond.*

York, Pa, October 11, 2022: Morehouse Instrument Company is excited to announce the hiring of Ashly Carter as the new Quality Manager! Former Program Manager of Calibration at the American Association for Laboratory Accreditation (A2LA), she supported the day-to-day operations of accreditation, by assisting A2LA clients in obtaining and maintaining accreditation to ISO/IEC 17025. She became a Lead Assessor and has assessed the following standards: ISO/IEC 17025, ISO/IEC 17020, ISO 17043 and ISO 17034.

With more than 14 years of experience with accreditation, Ashly brings a great deal of knowledge to the Morehouse team. Her wealth of experience will improve all areas of the business beyond ISO/IEC 17025 requirements.

In addition to managing Quality, she will work directly with the president, Henry Zumbrun, to extend Morehouse's already robust library of free content designed to help other calibration laboratories with measurement uncertainty, safety, and good measurement practices found at [Documentation Tools | Morehouse Instrument Company, Inc. \(mhforce.com\)](#)

"Morehouse is always looking for talented people, Ashly Carter is a superstar who can drive quality through our entire organization, as quality is much more than adhering to ISO/IEC 17025: 2017 requirements, Quality is in everything that we do, our initiative is to provide the absolute best force and torque products, calibrations, training, and customer service. Ashly Carter is a person who makes our team better" says Henry Zumbrun, President of Morehouse.
